PROCEDURE FOR NOMINATIONS AND DECISION-MAKING

- Principles: (a) the nominee must clearly meet the criteria for the category for which he/she is nominated; (b) awards and certificates are limited in number and awarded only to well-deserving individuals; (c) awards and certificates are not limited to IISL members; and (d) the nominee must be an IISL member in good standing.
- Nominations must be submitted electronically at the email id specified, namely, <awards@iislweb.org>, by filling and e-mailing only the prescribed form and providing all the required information and documentation.
- Each nomination must be supported with information that clearly demonstrates the nominee fulfills the published criteria.
- Nominations are processed by the IISL Awards Committee of three IISL members (including the Chairperson) in good standing. Apart from drawing attention of members for nominations, the committee could proactively seek nominations that contribute to the objectives of the awards programme. All IISL members are requested to respect the deadlines for submissions of their nominations for Awards and Certificates.
- The Committee as a whole or its members individually may also propose candidates.
- The Committee recommends to the Board of Directors candidate(s) for each award and certificate using the established criteria for each category based on the information submitted with nomination(s).
- The Committee's decisions in the form of recommendations are communicated to the Board for its consideration and final decision at its March/April meeting.
- Award or certificate winner(s) will be individually informed in advance of the Annual IISL Colloquium.
