specify how long you have been	Since 2000, I have been a member of the IISL and, since 2013, I have served in the Board of Directors of the Institute. My main contributions to the IISL activities have been: a) regular participation to the IISL Colloquia on the Law of Outer Space during the IACs; in

<p>an iisl member and your contributions to iisl to date maximum length 500 words</p>	<p>particular, at the 2012 63rd IAC in Naples, I gave the Nandasiri Jasentulyiana Keynote Lecture on "The Legal Dimension of the Sustainability of Outer Space Activities"; b) as Chairman of the ECSL, I have been in charge with the organization of the European Regional Rounds of the Manfred Lachs Moot Court Competition; c) likewise, I have been in charge with the organization of the yearly IISL/ECSL Space Law Symposia at the UNCOPUOS in Vienna; d) in 2015, at the IAC in Jerusalem, I was awarded with the IISL Distinguished Service Award with the following motivation "In recognition of his outstanding and dedicated services to the IISL and to the international legal community, his distinguished leadership in the development of international space law and institutions such as the European Centre for Space Law; his stewardship in organisation of Manfred Lachs Space Law Moot Court Competitions in Europe; his exceptional contributions to academics and space law literature, and his leading role for advancing international space law in the United Nations and other intergovernmental bodies".</p>
<p>specify your expertise and activities in space law or other social science aspects maximum length 500 words</p>	<p>As teacher of International Law and Space Law at Sapienza University of Rome, I have promoted the study of space law and spread the knowledge of and interest in outer space law within several generations of young people. My educational activities include, among others: a) teaching to different categories of students (Bachelor, Master, PhD); b) organising seminars and conferences for students and practitioners; c) supervising PhD students' researches; d) promoting the participation of students and young scholars to international projects and colloquia; e) giving lectures in the context of educational courses in Italy and in other countries. As professor, I have contributed to the development of space law studies as author of legal texts, books and articles, in the field of space law, and, more in general, of international law., I have also had a longstanding experience acting as legal expert in national and international fora, including the European Union.</p>
<p>specify the reason for applying for the nomination and how you can serve iisl maximum length 500 words</p>	<p>I am convinced that I could continue to give a significant contribution to the development and consolidation of space law within the framework of the IISL's activities. In this context, I could a) support IISL in its relations with other international entities of both a non-governmental and intergovernmental nature, such as the United Nations, the European Union and the European Space Agency; b) continue my dedicated work as responsible for realization of the European Regional Round of the Manfred Lachs Space Law Moot Court Competition; d) be in charge of the co-organization, together with the President of IISL, of the IISL/ECSL Space Law Symposia at the UNCOPUOS; e) carry out any other activity as requested by the Board of Directors. I believe that such activities are of substantial relevance for academics, practitioners and new generations of space lawyers.</p>
