Specify how long you have been an IISL Member and your contributions to IISL to date (Maximum length: 500 words)	I have been an active member of the IISL since 2012, constantly participating in activities developed by the Institute. At the IAC 2013, I had the honor of being granted the IISL Diedericks-Verschuur Award. In 2013, I was elected member of the Board, serving until 2016; during my tenure, I had the opportunity working at the Department of Studies (DoS), as well as to represent the Institute in important events, such as the 25th UN/IAF Workshop on Space Technology for Socio-Economic Benefits "Integrated Space Technologies and Applications for a Better Society", held in Guadalajara, 2016. I have submitted many papers to IAC, presented by myself or co-authors and published in the Proceedings of IISL Colloquia, and also chaired a session of such event on 2016. In 2019, I served as member the organizing committee of the IISL/ECSL Space Law Symposium, held at the COPUOS Legal Subcommittee, where I also offered a presentation. After leaving the IISL Board, I have continued to collaborate with activities developed by the DoS, and served as a member of the Awards Committee. Indeed, I have reiterated my full support to IISL projects and activities throughout the world, more specifically in my region, Latin America.
