

## Board of Directors: Nominator form Members – IISL

Title	Ms
Last name	Masson-Zwaan
First name	Tanja
Email	<a href="mailto:t.l.masson@law.leidenuniv.nl">t.l.masson@law.leidenuniv.nl</a>
Nominee (Name, email)	Kai Uwe Schrogl, <a href="mailto:kai-uwe.schrogl@esa.int">kai-uwe.schrogl@esa.int</a>
Please, specify the reasons why the nominee deserves to be considered for the position (Maximum length: 500 words)	<p>Kai-Uwe Schrogl has done an excellent job during his first term as IISL President, and in order to ensure the continuity and to continue the positive changes he is bringing about, it is highly desirable that he is re-elected for a second term. Therefore, I am happy to nominate him as IISL President once again. He has broadened the IISL's reach to become even more global, inter alia by representing IISL at many events either in person, via video or in writing. The successful IISL annual regional events in Washington DC (Galloway Symposium) and Vienna (IISL-ECSL Symposium at COPUOS) have been expanded to Russia with regular get-togethers resulting in new members, and soon an annual event in the Asian region will be back on the agenda. Also, for the first time ever, the IISL arranged two space law panels at the famous Space Symposium in Colorado Springs, USA during his presidency. Under his leadership, the institute has embraced new and relevant topics that require the attention of the space law community, thus further increasing its relevance. The good relations with IISL's sister organizations IAA and IAF have been maintained and they consider IISL as a valuable partner in their events; this is reflected e.g. in a strong IISL presence in IAF conferences such as the GLAC and GLEC and the good visibility of IISL at the IAC. Kai- Uwe has furthermore managed to maintain a good spirit of friendly cooperation in the Board of Directors and among the many volunteers upon whom the IISL so heavily depends. As Head of ESA's policy department he is very well connected and IISL greatly benefits from this. All of the above, combined with his sense of duty, sharp mind, excellent academic and practical skills in the fields of space law and policy make him the best candidate to serve the IISL as President for the next term. I gladly nominate him without any hesitation. Tanja Masson-Zwaan, President Emerita</p>
